The Honorable Andrea Seastrand
Executive Director
California Space Authority, Inc.
3201 Airpark Drive, Suite 204
Santa Maria CA 93455

Dear Ms ^{Andrea}~~Seastrand~~

It was a pleasure to meet with you and receive an update on California Space Authority initiatives. Your California Space Center project promises to provide the public with needed information about space and how agencies such as the US Air Force, NASA, and the National Reconnaissance Office contribute to its exploration and utilization. The California Space Center has the potential to facilitate scientific education and bring the space story to the American public. Also, I am excited about the potential educational investment your project may have for the future of tomorrow's Airmen and citizen leaders.

I encourage you to continue your efforts in this matter. Please contact the 30th Space Wing Program Requirements Office, 30 SW/XPR, at (805) 605-8263, for any issues in the future.

Sincerely

VR
